

Living Together in Africa

Social Studies

By the end of the lesson, learners will be able to organize and compile their Term

1

Social Studies maps and projects into a structured portfolio for final review.

Learning goal

By the end of the lesson, learners will be able to organize and compile their Term 1 Social Studies maps and projects into a structured portfolio for final review.

Lesson focus: Living Together in Africa

Our Term 1 SST Journey

Reviewing major themes

Celebrating our work

Preparing for compilation

Organizing Our Work

Collecting all Term 1 work

Sorting by topic

Checking for missing items

Africa Review Discussion

Recalling key facts

Connecting features to climate

Understanding vegetation distribution

Quality Check: Map Work

Checking map keys

Verifying labels

Ensuring neatness

Final Portfolio Compilation

Creating a cover page

Binding with sisal/staples

Displaying our achievements

Check your understanding

Why is it important to keep our maps and projects organized?

Do you have all four major projects?

Which work needs to be at the very front of your pile?

How do physical features influence where people live in Africa?

Write one answer clearly in your notebook.
