

3.4 Energy Resources in the Environment

OPENING VISUAL

Which experiment did you find most

Today's mission

Goal: Recalls and identify key experiments conducted from Term

1 Learn

Use: Looking Back at Our Experiments, How to Write a Science Report

2 Practise

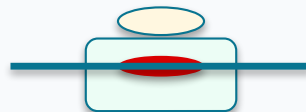

Show: answer with one reason or example.

3 Show

Routine: listen, talk, try, explain.

4 Reflect

Explain in your own words.

Starter: think first

1

THINK

**Which experiment did
you find most
challenging?**

30 seconds

2

PAIR

**compare your first
answer with a partner.**

with partner

3

SHARE

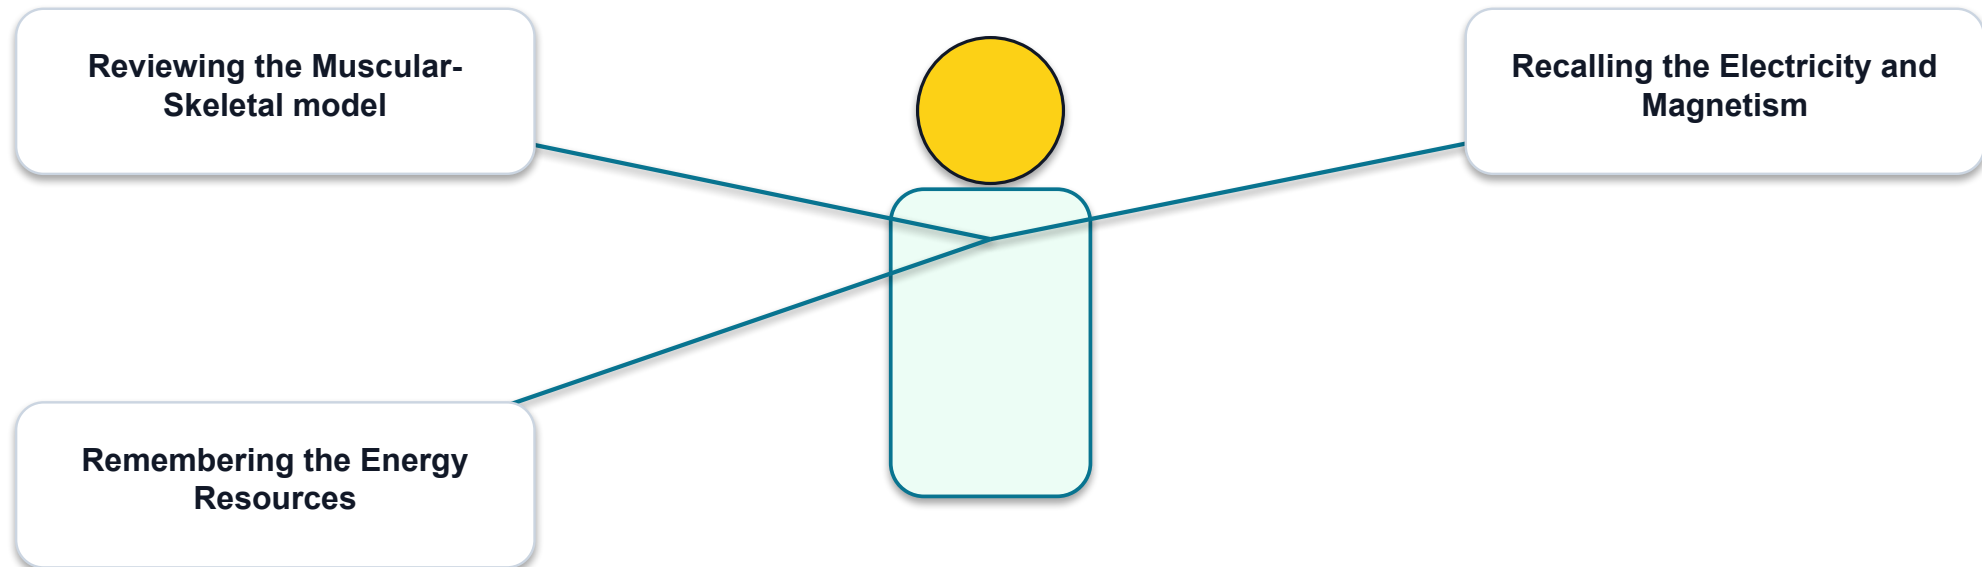

**connect your answer
to Looking Back at Our
Experiments.**

How to Write a Science Report

MODEL MAP

Worked example

Title and Aim (What and Why)

Apparatus/Materials (The tools)

Procedure (The steps)

Try it together

PRACTICE FLOW

Answer with evidence

?

What materials did we use to represent the backbone in our model?

answer + reason

?

What is the difference between apparatus and procedure?

answer + reason

?

Why do we need an 'Aim' in our report?

answer + reason

Use evidence from the lesson, not guessing.

Activity challenge

GROUP INFOGRAPHIC

Challenge

Brainstorm in pairs and list all the

Copy the report structure into their notebooks

Participate in a whole-class exercise to

Share-out: explain one result, then improve it.

Exit ticket

EXIT TICKET

Answer: How does writing a report help you remember the experiment?

Use one complete sentence.

Hand in or read your answer aloud.
